

NW-LTCO MISSION AND VISION

NW-LTCO Mission

To successfully plan for a regional health care system that integrates acute/primary and long-term care services in Northwest Wisconsin that focuses on high quality care for all eligible residents.

NW-LTCO Vision

Building on a foundation of experience and dedication, the NW-LTCO partners will carefully identify and weigh options for successfully providing high quality long-term care in Northwest Wisconsin under a managed care system. In doing so, we will continue to identify ways to:

- **Ensure regional access**
- **Equitably share risk between partners**
- **Include consumer input and participation**
- **Build on partners' unique strengths, abilities and experience**
- **Promote consumer-centered choice and individualized care**
- **Encourage additional resource development**
- **Ensure fiscal accountability to our oversight committees and boards**
- **Commit to the highest levels of quality service**
- **Address the needs of a growing waiting list**
