Survey Corner Information Form

Note: This form does not fulfill the requirements of Wisconsin Administrative Code A-E 7.08. It is intended to identify possible PLSS corners discovered by Groeschl Forestry Consulting Inc. (GFC) during the performance of customary field work. This information is recorded to facilitate further investigation by registered land surveyors.

(A) Identify the possible corner by reference to the US Public Land Survey System.

Possible Corner CN 1/16
 Section 36
 T 43 N
 R 5 W or E
 Town/City/Village Namaskagon
 County Bayfield Wisconsin

◆ denotes possible PLSS monument.

(B) Describe the discovered monument and any other material evidence encountered.

Found U.S. Forest Service SBC survey monument extending about 4" out of the ground w/ steel frame post; sign next to corner. Red barked trees w/ yellow tags face corner. See plot of survey by Randy Erickson. Lines brushed to east and north of corner. Corner lies about 30' north of snowmobile trail.

(C) Complete the approximate coordinate information assigned to the possible PLSS corner.

Northing 46° 09' 55.42383" N
 Easting 90° 56' 05.92119" W
 Altitude 1468'
