Presentation from Kristin / Carrie
A Functional Screen is completed with each child referred to the Children Long-term Support (CLTS) Program. If eligible, the case manager and family develop a service plan. The goal of the program is to keep the child with family in the community. Services can include: Adaptive aids, service coordination, communication aids, in-home treatment therapy, daily living skills training, day services, respite care, home modifications and/or supportive home care.

Kristin has a caseload of 30 children and 8 more children are on a waitlist. Four teens will age out in 2020 and transition to adult services. Kristin is at the capacity. Carrie has spoken with Forward Horizons about contracting for case management. This would allow children to come off the waiting list and receive services. Carrie’s goal is to enroll all kids on the waitlist by the end of 2020.

On January 1, 2020 the Bureau of Children’s Services implemented the Deciding Together Guide. This establishes the format for families and Kristin to work together to determine the
best options to meet goals identified for a child. The annual allocation must be used to meet the needs of all 30 families. Since the child’s needs are tied to their disability, HIPPA guidelines must be followed and releases of information must be obtained to allow Kristin to speak with service providers on a child’s service plan.

See the Wisconsin Children’s Long-Term Support Medicaid Waiver Programs Handout and Deciding Together Guide for additional information.

DHS Resolution 2019-07 Budget Adjustment to reimburse DHS for 2018 funds expended on behalf of the Aging and Disability Resource Center of the North (ADRC-N) by transfer of funds from the ADRC-N Contingent Fund. Resolution has changed,

DHS Resolution 2019-07 Budget Adjustment – DHS has not yet been reimbursed from the Aging and Disability Resource Center of the North (ADRC-N) Contingent fund for an overage of regional ADRC-N expenses in 2018. Bayfield County, as Fiscal Agent for the ADRC-N holds, but does not own the ADRC-N Contingent Funds. In the past, it was sufficient to provide a copy of the ADRC-N Governing Board minutes authorizing the transfer of funds. However, this year, after many months of seeking reimbursement locally, it was determined that the County Clerk’s Office want a DHS budget adjustment to transfer the funds. This resolution was developed to meet that new requirement.

Motion by Fickbohm second by Seldal, to approve the DHS Resolution 2019-07, Request for Budget Adjustment, Motion passed.

**Discussion and Possible Action**

Reappointment of Karlan Williams to the Bayfield County local and Regional Comprehensive Community Services (CCS) Coordination Committees - Karlan’s term expired. She expressed an interest in an appointment for another term. The state requires family members and/or

serves in this capacity.

Motion by Oswald, second by Fickbohm to approve the reappointment of Karlan Williams to
the Bayfield County local and Regional Comprehensive Community Services (CCS) Coordination
Committee. Motion passed.

Department of Transportation (DOT) 85.21 Specialized Transportation Annual Application 2020,
Carrie Linder

A copy of the application was included in the board packet. A Public Hearing was held
December 2, 2019 by the Aging and Disability Advisory Committee. The committee reviewed
and approved the application and it was submitted to meet the application deadline. However,
the DOT is aware that the application is subject to change based on DHS Board review. No
changes were made to the plan.

Motion by Schmidt, second by Oswald to approve the DOT 85.21 Specialized Transportation
Annual Application 2020. Motion passed.

Discussion and Possible Action
Aging and Disability Resource Center of the North (ADRC-N) Funds Request – Skulan provided a
status report. The state provided an additional $100,000 for the ADRC-N. It is uncertain if this
is all for regional operations or if $40,000 of the funds must be provided to Iron County for their
local branch office operations. Still waiting for this information from the state. A meeting will be
scheduled in early 2020 with the state to discuss funds for that fiscal year.

No Motion Needed.

Building and DHS Structure Changes - A request for proposal was issued in November for
remodeling to occur in DHS. The space behind the current office used by Aging and Disability
Services staff will be made into usable office space. That project should begin January 29, 2020.
The Comprehensive Community Services (CCS) staff will move into the new offices. The space
will house four offices. Construction should be completed in 60 days.

DHS Advisory Committee Openings –
There are currently openings for a citizen member to the Governing Board of the ADRC-N due
to the resignation of Dick Compton. This position must be filled by someone who represents
one of the target populations of: frail elderly or adults with a physical or
intellectual/development disability, their family members, guardians, or advocates. Preference
may be given to an applicant who meets the requirement for a physical disability. There is a
vacancy on the Comprehensive Community Services (CCS) Coordinating Committee due to the
resignation of Linda Jorgenson. This appointment calls for a service provider, family member,
