				*includes 50% white ash, 25% basswood, 25% red maple **Includes 1MBF white ash			

Harvest requirements:

- This is a ticket sale.
- This is an overstory removal to release established regeneration. Care must be taken to minimize damage to residual saplings in stand.
- Stand may be whole-tree harvested but not whole-tree skidded, to avoid damage to regeneration.
- Harvest all hardwood trees 6" dbh and greater not marked with purple paint.
- Harvest all merchantable balsam fir. Do not harvest any other conifer.
- Do not cut snags, except those that pose a safety hazard to logging operations.
- Prior to moving equipment on to or off the sale area, scrape or brush debris and soil from exterior surfaces.
- All roads are in place. This contract requires county authorization for all road/landing construction and places a number of other requirements on road construction and closure.
- Decking of wood along town roads will not be allowed without permission of Bayfield County.
- Flag Road is a snowmobile trail. During winter harvesting the snowmobile trails must be kept unobstructed and in a packed snow condition. The purchaser must ensure that harvesting and hauling operations will not create a safety hazard to snowmobiles.
