TRACT 45-18 – HARVEST REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

A. PRESCRIPTION:

1. Harvest unit 1 has an overstory removal prescription with an estimated average residual basal area of 8 ft².

B. HARVEST REQUIREMENTS:

1. Harvest all hardwood stems 4 inches and greater not marked with purple paint.
2. Leave all conifer and purple marked trees

C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:

1. Sale boundaries consist of red paint line or timber type changes to kegs, swamp conifer or grass.
2. Numerous kegs are present throughout this sale area. Maintain a 30' no harvest buffer around every keg. Do not harvest any trees within 30' of every keg.
3. Care must be taken to reduce the damage to existing advanced regeneration.
4. In 2018, oak wilt was officially confirmed in Bayfield County. Currently, this timber sale is located more than six miles away from the closest known infected tree. However, over the duration of this contract, additional infections could be discovered. If, over the duration of this contract, including extensions, oak wilt is officially confirmed within a six mile radius of this timber sale, as determined by the county, the following seasonal restriction will be applied: no harvesting operations will be allowed between April 15 (or as otherwise determined by the county) and July 15.
5. If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.
6. Do not cut snags except for individuals that pose a safety hazard
7. Do not damage any survey monumentation.

D. ACCESS AND ROADS:

1. This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
2. Decking of wood along town roads will not be allowed without permission from Bayfield County.

E. OTHER:

1. The North Country Trail (NCT) runs through a portion of the sale area-blazed with blue. No cutting of blue-blazed trees. The NCT should be kept in good condition at all times. Maintain a slash-free zone within 25' of the NCT. No hauling, landing or decking wood on the NCT. The NCT may only be skidded across at a location designated by the County. At completion of skidding at this crossing the trail must be left flat and free of debris. The trail must be left free of any slash or other debris. Signage informing trail users of the timber sale must be placed on the NCT.
2. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
