Topography: Gently Rolling, Steep Slopes				Oak	1516	444	12
				Mixed Hardwood*	305	77	

* approx. 95% maple, 4% jack pine, 1% other hardwood

Harvest Requirements:

- Sale is a clearcut being sold on a Ticket Scale Basis
- The required access (for the western sale unit) is marked in green paint and must be built by contractor.
- The landing indicated on the map cannot be used with more than 2" of snow on the ground.
- No hauling or skidding on any ski and bike trails, except if existing landing is used.
- All ski and bike trail crossings must be approved by the sale administrator.
- Keep bike and ski trails free of debris and slash.
- Sale boundaries consist red paint line, noticeable change in timber type, or roads and trails.
- Leave all conifer and purple marked trees.
- Leave all nonmerchantable stems within 25 feet of bike and ski trails.
- Harvest all other merchantable hardwood stems and sever all hardwood stems 2" in diameter and greater.
- Do not cut snags except for those that pose a safety hazard.
- To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
- Decking of wood along town roads will not be allowed without permission from Bayfield County.
- If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
