				** 62% sugar maple, 14% red maple, 17% ash, 1% yellow birch, 6% white birch				

## Harvest Requirements:

- Sale is a ticket sale being sold on a Ticket Scale Basis
- Sale boundaries are marked out in red paint. The unit boundary between the seed tree unit and the gap unit is also marked out in red paint.
- **Hardwood Gap Unit:** There are purple painted gaps (10-12 two dot purple painted trees on the perimeter facing in towards the gap with a purple slash on the back side) harvest all merchantable hardwood and sever all hardwood stems 1" in diameter and greater within the gaps. Leave hemlock, cedar, and pine within the gaps. No trees are painted for harvest outside of gaps. Harvest aspen and white birch that are adjacent to gaps or adjacent to the skid trails that go between the gaps.
- **Hardwood Seed Tree Unit:** Harvest all merchantable trees that are not painted purple. Do not harvest hemlock, pine, or cedar. Sever all non-merchantable hardwood stems 2" dbh and larger.
- Access from the East off Jammer Hill and West off Butterfield are options. Parts of the roads going east are also snowmobile trails. During winter harvesting snowmobile trail must be kept unobstructed and in a packed snow condition. The purchaser must ensure that harvesting and hauling operations will not create a safety hazard to snowmobiles.
- Portions of the hardwood seed tree unit includes a black ash swale that is wet and therefore needs to be harvested during frozen or dry ground conditions
- No sale operations permitted between breakup and July 15<sup>th</sup> to minimize damage when bark is susceptible to peeling.
- To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical
- If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure
