Contract Number:			

Estimated Volumes

Species	Roundwood (cords)	Whole-Tree (tons)
Red Pine*	440	1699

*Less than 1% jack pine

Harvest Requirements:

- This 43-acre sale is a red pine 1st thinning that is being sold on a Ticket Scale Basis.
- The sale area is identified as the remaining, unthinned portion of an uncompleted timber sale that took place in the spring of 2015 before Bayfield County took ownership of the parcel. Trails and the harvested rows form timber sale boundaries.
- **PRESCRIPTION:** Harvest every 3rd row. Rows are not marked. Contractor selects every 3rd row.
- Minimize damage to residual red pine stand.
- If whole-tree harvested, 1 in 10 tops $\leq 4''$ in diameter must be left scattered across the site.
- Harvested pine cannot be kept on the Bayfield County Forest for more than 3 weeks from May 1st to August 31st.
- Do not damage any survey monuments.
- To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces of the logging equipment.
- Decking of wood along town roads will not be allowed without permission from Bayfield County Forestry Department
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure. (refer to Section 17)
