Barnes / Eau Claire Lakes Area

Come and operate the only hand-operated lock and dam in the state, located between Middle and Lower Eau Claire lakes.

The EAU CLAIRE CHAIN OF LAKES is a 3,200-acre chain of clear, spring-fed, connected, sand bottom lakes surrounded by a paradise of publicly accessible forest. Tucked away in the southwest corner of Bayfield County, this recreational region has family-run resorts with friendly, helpful hosts to make you feel right at home. The restaurants and cafes specialize in good home cooking. You will find outstanding boating and fishing for walleye, northern, bass, musky and panfish in spring, summer, fall, and even winter. Take your boat through the hand-operated locks for a unique experience. Enjoy golfing, kayaking or biking in the warmer weather or the enjoy the well-maintained snowmobile and cross-country ski trails in the winter. If you time your vacation for when the trees change to their spectacular reds and yellows, you'll really be in for a treat!

As the gateway to the Apostle Islands National Lakeshore & Gaylord Nelson Wilderness Area, Bayfield is “where the water meets the soul”.

For some, BAYFIELD represents escape and solitude; a retreat from the hustle and bustle of everyday life. For others, it means adventure: hiking, boating, skiing, dog sledding or snowshoeing. You’ll find over a dozen orchards and fruit farms as well as wineries and cideries in the hills surrounding the city, all with their own specialties. Explore local historic sites and museums, discover artists working in their galleries and shops, or simply relax with a great view and a fantastic meal. Charming bed and breakfasts, inns, modern hotels, cabins or condos offer many options for lodging. Hop the ferry to Madeline Island or take an Apostle Islands Cruise for spectacular shoreline views of the islands and lighthouses. Lake Superior Big Top Chautauqua offers top-notch entertainment all summer long.

The reservation of the RED CLIFF Band of Lake Superior Chippewa hugs the northern shoreline of the Bayfield Peninsula. The annual Pow-Wow is held on the first weekend of July and is an opportunity to enjoy Native American singers, dancers, drummers and craftpeople from around the Lake Superior region celebrating their cultural heritage. The Red Cliff Band proudly offers a 78,000-square-foot resort on the shores of Lake Superior. Legendary Waters Resort & Casino provides lodging, gaming, dining, shopping, a 47-slip marina and two campgrounds. Be sure to stop in at Copper Crow Distillery for a tour and tasting; it’s the nation’s first Native American-owned distillery with spirits made primarily from local ingredients and fresh, pure water from Lake Superior.

Cable Area: Cable / Grand View
Drummond / Namakagon

Cable invites visitors for “fun, friends and one fantastic forest”.

**CABLE** is known for their world-class events. The American Birkebeiner Cross Country Ski Race attracts both international ski superstars and recreational skiers from around the globe. All winter long, the “Birkie Trail” is a fantastic ski destination. Multiple locations allow access to Bayfield County’s incredible snowmobile trail system. Fall brings the Chequamegon Fat Tire Festival - the nation’s largest mass start, off-road mountain bike event. No wonder Cable is one of only 30 towns across American named a “Trail Town USA.” Cable is home to the Cable Natural History Museum, offering wildlife and nature displays, programs, field trips and workshops year ‘round. Lake resorts, restaurants and gift shops add to the charm of the area.

The sister lakes of Lake Owen and Lake Namakagon are located just north and east of Cable. Premiere resorts, cabins and lodges rim the shoreline of the lakes. Some of the best muskie, northern and walleye fishing in the state is found on these lakes. Come and try your luck!

**www.cable4fun.com | 715-798-3833**

**DRUMMOND** and **GRAND VIEW** offer fantastic trails and great fishing with wilderness areas close by. Grand View hosts another world-class event – the Firehouse 50. The Drummond Historical Museum gives you a chance to go back in time – the old photos and logging artifacts on display give you a real sense of what it was like to live here in the late 1800s during the logging era.

Located in the heart of the Chequamegon-Nicolet National Forest, Iron River is surrounded by forests, lakes and streams of incomparable beauty and solitude.

Iron River calls itself the “Blueberry Capital of the World” and celebrates it annually with a fun festival the fourth weekend of July. Head to the Oulu Glass Gallery (open May-early January) to see glass blowing demonstrations and browse the whimsical glass creations. If you visit in the fall, be sure to visit the Oulu Corn Maze for a fun challenge. Also north of town is the Iron River National Fish Hatchery, situated on 1200 acres with buildings to tour and trails to hike (or ski).

The Delta Lakes area is just south of Iron River and has resorts that offer lodging, camping, fishing, hunting, boating and lakeside dining. You won’t believe the fabulous roadside diner that you’ll be delighted to find along your route! The Chequamegon Area Mountain Bike Association (CAMBA) maintains an extensive trail system in the area.

South Shore: Cornucopia, Herbster / Port Wing

Lake Superior’s panoramic majesty stretches as far as the eye can see from the sand beaches and harbors of Cornucopia, Herbster and Port Wing.

The quaint village of CORNUCOPIA is the western gateway to the Apostle Islands National Lakeshore. Meyers Beach, just east of the village, is a launching point for kayaking to the famous sea caves and the trailhead for the hiking trail along the shore. In wintertime, when the ice caves are accessible, they attract hikers, snowshoers, photographers and anyone else who wants a winter thrill. Step back in time as you enter a thriving General Store that anchors the small downtown area with shops, a museum and two marinas. Sand beaches create endless opportunities to enjoy Lake Superior as well as Lost Creek Falls, Siskiwit Lake and other natural areas. An artesian well at the beach runs cold and clear all year long. You’ll also find shops & galleries, paddline trips to the sea caves, and a commercial fishery along the shoreline – stop in for some fresh and smoked fish!

www.visitscornucopia.com

HERBSTER is filled with wonderful natural resources year round. The Bark River and Cranberry River are both Class A trout streams. Bark Bay is internationally recognized by birding enthusiasts where heron, geese, ducks, eagles, sandhill cranes, and many smaller species are often seen. Stop in to see “The Gym”, a historic log building completed in 1940. Don’t miss the local shops & galleries. RV and tent camping is available on the Lake Superior sand beach in the municipal campground or stay at a local motel.

www.herbsterwisconsin.com

The small community of PORT WING offers up big vacation opportunities. Two historic churches and a restored saloon serve as art galleries in the center of the village. School Memorial Park is adjacent to the Port Wing Heritage Hall. This museum focuses on the commercial fishing and logging history of the area. Quarry Point and the Big Pete Boreal protected areas invite exploration. Twin Falls Park offers an easy hike to Twin Falls. Buy some locally-caught Lake Superior fish or dine at a local eatery. One highlight is the very popular annual Labor Day Fish Boil and Fall Festival. New boardwalks at the beach make the incredible view accessible to all abilities. Enjoy a weekly Farmer’s Market all season long!

The largest community on the peninsula, Washburn is nestled along the shoreline of Chequamegon Bay on Lake Superior.

The largest community and also the county seat, Washburn is nestled along the shoreline of Chequamegon Bay on Lake Superior and makes a great “home base” for your visit.

Washburn is known for its collection of beautiful, historic brownstone buildings which have inspired the “Brownstone Summerfest” in July of each year. The Washburn Cultural Center features a historical museum and gallery where rotating art shows are on display year ‘round. Many world-renowned artists call Washburn home and you’ll find many shops & galleries, some of which also offer art classes. Washburn offers a wide variety of shopping and dining opportunities along with a fun pub scene and a brewery/tap house with tours, tastings and special events. The new event center on the lake makes it easy to host a wedding or large family gathering in town – with a beautiful view of the lake and marina and a 35-room hotel located right next door, this is the perfect place for your big event! Stagenorth Theater nearby hosts locally-produced plays, concerts, lectures, and films in a beautiful facility with – you guessed it – a lake view.

Two lakeside parks with campgrounds, West End Park and Memorial Park, offer full amenities – one with a flowing artesian well, boat launch and sand beach; the other with wooded sites right next to the big lake. The campgrounds are connected by a lakefront walking trail that has interpretive signage along the way and takes you through the Washburn Marina where you’ll see many large vessels that utilize the largest marine lift on Lake Superior.

Other signature events include Board Across the Bay (SUP race and festival), Zombie Days in October, Merry Ol’ Christmas in December and Book Across the Bay in February; this unique event features a cross country ski race by candlelight across Chequamegon Bay - fireworks and a party with live music await your arrival at the end!

Wisconsin Lake Superior Scenic Byway

The Wisconsin Lake Superior Scenic Byway (WLSSB) follows the southern shoreline of Lake Superior along the Bayfield peninsula along the Chequamegon Bay to the south shore of Lake Superior and ends near the Brule River in Douglas County. WLSSB is a snapshot of the HISTORICAL, RECREATIONAL, CULTURAL and GEOLOGICAL diversity of the region.

The 70-mile route features breathtaking scenic views of forests, pristine sandy beaches and the sparkling blue waters of Lake Superior as well as the Apostle Islands National Lakeshore and the Apostle Islands National Lakeshore and the Apostle Islands National Lakeshore. The Byway is a unique route featuring quaint harbor towns, historic fishing villages and small farms. The beauty of the Byway is experienced through the stories and scenery that embrace the majesty of Lake Superior.

St. Croix National Scenic Riverway

A free national park flows through the vast forests of northwest Wisconsin. This incredible gem is a part of the St. Croix National Scenic Riverway. The Namekagon River begins in Bayfield County, flowing through Sawyer, Washburn and Burnett Counties prior to meeting up with the St. Croix. While many people recognize the name, Namekagon River, few realize that this is part of the national park system. Of special note is that the Namekagon River is a Wild & Scenic River, as declared by the Wild & Scenic Rivers Act of 1968. Of the original eight rivers designated by the act, the St. Croix National Scenic Riverway, which includes the Namekagon, is the only river managed by the National Park Service, making this park America’s first Wild & Scenic River National Park.
