Sale is a clearcut being sold on a Ticket Scale Basis
Boundaries consist of red paint line or an abrupt change in timber type.
Sale operations may only occur when the ground is frozen unless written permission granted by Bayfield County.
Leave all conifer.
Harvest all merchantable hardwood 2” in diameter and greater.
Do not cut snags except for those that pose a safety hazard.
To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
Decking of wood along town roads will not be allowed without permission from Bayfield County.
If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.
This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
If the snowmobile trail will be used as part of the access: During winter harvesting the snowmobile trail must be kept unobstructed and in a packed snow condition. The purchaser must insure that harvesting and hauling operations will not create a safety hazard to snowmobiles.

---

Average diameter of aspen is 7 in.

* approx. 54% maple, 35% basswood, 7% other hardwoods, and 4% oak
