 Unit 1: Dry or frozen, Unit 2: Frozen only
 Township needs to be contacted prior to installing temp. culverts

TRACT 14-19 – HARVEST REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

A. PRESCRIPTION:

1. Unit 1: Harvest is a clearcut prescription with an estimated average residual basal area of 2 ft².
2. Unit 2: Harvest is a clearcut prescription with an estimated average residual basal area of 20 ft²

B. HARVEST REQUIREMENTS:

1. Unit 1 and Unit 2: Harvest all hardwood 2" dbh and greater. Harvest all fir greater than 4" in dbh and greater. Leave all oak, cedar, pine.

C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:

1. Unit 1: Dry or frozen ground harvesting. Unit 2: Frozen ground harvesting only.
2. 3-4 grouse trees were marked throughout the sale area. These trees are marked with a purple paint with a ring and X. Harvest these trees just above the red ring and lay the entire tree on the ground as close to the stump as possible. These trees will provide grouse with drumming log opportunities.
3. Sale boundaries are a combination of blue paint, red paint, alder brush.
4. Blue paint line denotes the boundary between county and private land. No trees or equipment may cross the blue paint line.
5. In the unit south of Star Route red paint marks the southern boundary and blue on the east and west line. The north boundary is alder brush.
6. Do not damage any survey monumentation.
7. If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.

D. ACCESS AND ROADS:

1. Culverts will need to be installed along Star Route to gain access into the sale area. Contact the township prior to installation of culverts. Short segments of new road will need to be constructed to access the harvest units. The Town will require removal of these culverts at the end of the timber harvest.
2. This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.

E. OTHER:

1. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
