TRACT 22-19 – HARVEST REQUIREMENTS
The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

A. PRESCRIPTION:
   1. Harvest area has a coppice with standards prescription with an estimated average residual basal area of 6 ft$^2$.

B. HARVEST REQUIREMENTS:
   1. In the harvest area, harvest all hardwood stems 2” and greater.
   2. In the harvest area, leave all conifer.
   3. No harvesting within 15 feet of any mapped or unmapped kegs/wetlands within the sale area.
   4. Sale boundaries consist of red paint line, blue paint line, trails, grass openings, noticeable change in timber type.

C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:
   1. The blue paint line indicates private property. No equipment or felled trees may cross the line.
   2. If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.

D. ACCESS AND ROADS:
   1. This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
   2. Decking of wood along town roads will not be allowed without permission from Bayfield County.

E. OTHER:
   1. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
   2. In 2018, oak wilt was officially confirmed in Bayfield County. Currently, this timber sale is located more than six miles away from the closest know infected tree. However, over the duration of this contract, additional infections could be discovered. If, over the duration of this contract, including extensions, oak wilt is officially confirmed within a six mile radius of this timber sale, as determined by Bayfield County, the following seasonal restriction will be applied: no harvesting operations will be allowed between April 15$^{th}$ (or as otherwise determined by the county) and July 15$^{th}$.
