

Mitigation Application

Shoreland Mitigation, Stormwater Management,
Construction Site Erosion Plans and Plan Reviews

Services provided may include a site visit(s), compilation of supporting documentation, development of a certifiable plan or written review, and final certification of completion report provided to the landowner and the Zoning Department.

The Bayfield County Land Conservation Department aims to complete plans and reviews within 10 business days of receiving the completed application, fee and/or site plan. Notice will be given to the landowner and the Zoning Department if this timeline cannot be met.
