Excellent spring/summer logging opportunity. Soils are sandy

**Special Restrictions:**  
Minimize damage to understory trees in Unit 1

## TRACT 33-19 – HARVEST REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

### A. PRESCRIPTION:

1. Harvest unit 1 has a seed tree prescription with an estimated average residual basal area of 4 ft<sup>2</sup>.
2. Harvest unit 2 has a coppice with standards prescription with an estimated average residual basal area of 28 ft<sup>2</sup>.

### B. HARVEST REQUIREMENTS:

1. In unit 1, harvest all hardwood stems greater than 6" dbh and not painted purple.
2. In unit 2, harvest all aspen 2" and greater, oak greater than 10" dbh, and maple 2" and greater.
3. In unit 1, leave all conifer and purple painted oak.
4. In unit 2, leave all oak less than 10" dbh, purple painted oak and conifer.
5. Sale boundaries consist of red paint line and Van Stone rd.

### C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:

1. Minimize damage to understory aspen in Unit1.
2. Use care to minimize damage to young oak in Unit 2.
3. Minimize damage to understory aspen in Unit 1.

### D. ACCESS AND ROADS:

1. This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
2. Decking of wood along town roads will not be allowed without permission from Bayfield County.

### E. OTHER:

1. This sale includes 6 trees that are marked with a purple "X". Operator must fell and leave all trees marked with a purple "X". "X" marked trees should be cut 5 ft above ground level and should lie as close to the high stump as possible. These trees will create ruffed grouse drumming habitat.
2. In 2018, Oak wilt was officially confirmed in Bayfield County. Currently, this timber sale is located more than six miles away from the closest known infected tree. However, over the duration of this contract, additional infections could be discovered. If, over the duration of this contract, including extensions, oak wilt is confirmed within a six mile radius of this timber sale, as determined by the county, the following seasonal restriction will be applied: no harvesting operations will not be allowed between April 15 (or as otherwise determined by the county) and July 15.
3. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
